

NVIDIA NFORCE PRODUCT BRAND IDENTITY AND LOGO USAGE GUIDELINES

NVIDIA nForce™ Logo Usage

This guide outlines the proper usage of all NVIDIA nForce product badge logos. If you have any questions regarding these logo or brand identity guidelines, please contact the NVIDIA marketing communications department at marcom@nvidia.com.

Writing* NVIDIA nForce

The correct way of writing NVIDIA nForce is all uppercase "NVIDIA," followed by a space, lowercase "n," uppercase "F," followed by lowercase "orce." The trademark follows "nForce." Always precede the name nForce with the company name, NVIDIA, in all caps. For NVIDIA nForce products, the company name does not require a registration symbol. For example, NVIDIA nForce™.

- Writing NVIDIA nForce IGP

Write the name "NVIDIA nForce" (following the above guidelines), followed by a space, and all uppercase "IGP." In the first reference, IGP should be spelled out completely as written: "NVIDIA nForce integrated graphics processor (IGP)."

- Writing NVIDIA nForce SPP

Write the name "NVIDIA nForce" (following the above guidelines), followed by a space, and all uppercase "SPP." In the first reference, SPP should be spelled out completely as written: "NVIDIA nForce system platform processor (SPP)."

- Writing NVIDIA nForce MCP

Write the name "NVIDIA nForce" (following the above guidelines), followed by a space, and all uppercase "MCP." In the first reference, MCP should be spelled out completely as written: "NVIDIA nForce media and communications processor (MCP)."

- Writing NVIDIA nForce MCP-T

Write the name "NVIDIA nForce" (following the above guidelines), followed by a space, and all uppercase "MCP-T." In the first reference, MCP should be spelled out completely as written: "NVIDIA nForce media and communications processor-turbo (MCP-T)."

Trademarks

The name NVIDIA and the NVIDIA logo are registered trademarks of NVIDIA Corporation. The name NVIDIA nForce and all of the NVIDIA nForce product logos are trademarks of NVIDIA Corporation.

Palette for Print and Web Usage

The 3D NVIDIA green was created based on PMS** 382 and the NVIDIA nForce product color was created based on PMS 2728. Please use the values below to ensure color consistency when printing or using the logos on the Web.

	Spot Color (PMS)	4 Color Process (CMYK)	Screen (RGB)	Web (Hexadecimal)
	Process Black	C: 0% M: 0% Y: 0% K: 100%	R: 0 G: 0 B: 0	000000
	PMS 320	C: 100% M: 0% Y: 31% K: 6%	R: 1 G: 143 B: 146	009999

Usage

The nForce product logos may appear in the following ways:

Light-colored
Backgrounds

Dark-colored
Backgrounds

Minimum Size

The preferred minimum size of any NVIDIA nForce product logo on any printed or online document is 0.75 inch or 2.0 cm in height and width.

Clear Space

The clear space should measure at least x on all sides, where x equals the height of the graphic symbol in the logo. Do not place any other trademark, logo, or logotype, or any other graphic, text, photograph, or illustration, in the minimum clear space area.

* The stylized text of the product logo does not necessarily reflect the correct way the product name should be written. For the proper copywriting style and format, please read and follow the guidelines for each product.
